## PROFESSIONAL BACKGROUND

05.2024 - 10.2024

Internship

Full Stack Web Development

**Brand Solutions**

### Brand Solutions

**Internship**

**Full Stack Web Development**

Description:

Contributed to the development of an ERP system in Angular and .NET, with a focus on co-designing and implementing a mobile version. This mobile version supported essential business processes and was developed in parallel with the growth of the full system.

Tasks:

- Developed a benchmarking tool in Node.js to analyze NPM libraries for photo compression performance, with a focus on compression efficiency and image quality;
- Designed and built an e-signature module in React allowing users to sign digital documents securely and efficiently;
- Worked closely with a team to realize projects according to specifications and with a focus on quality.

Technology: Node.js, React, NPM Libraries, Angular, .Net, Agile/Scrum.
